Baby, you can drive my car — and take my heart while you're at it! Five months after **Caitlyn Jenner** revealed her stunning transition from male to female, insiders say the 66-year-old former Olympian is feeling ready to dip a toe in the dating pool — and has her sights set on her hunky young driver. "He's a total gentleman, and whenever they see each other there's a polite hug," says a source. "But it looks like more than just business on Caitlyn's end!"

By all accounts, it's the first time Caitlyn has found herself in this position. "I've never been with a guy,"

she told **Diane Sawyer** in April, when she was still transitioning from being Bruce. "I've always been married, raising kids." And in later interviews, she downplayed the question of who she might be attracted to. "I'm... just getting used to where I'm at and who I'm at," she said to **Ellen DeGeneres** in September. "As time goes on, I'll deal with that subject."

THE DATING GAME

Caitlyn has been equally coy with family members (and her rep denies any relationship), but a witness says she was sending "very affectionate"

LAMAR DARK DAYS AHEAD

Lamar Odom's road to recovery may be longer than anyone initially thought. After the former pro basketballer was found unconscious in a Nevada brothel last month, updates on his progress — regaining consciousness, conversing with loved ones — were met with relief and celebration.

But sources say the rosy picture painted in most media stories is far from reality; in truth, Lamar faces a slew of health challenges and may never fully recover. At a recent event for the launch of her book, *Strong Looks Better Naked*, Lamar's wife, **Khloé Kardashian**, said that Lamar was "definitely doing better, which is awesome." But she conceded that her troubled

estranged husband is at the start of a long journey. "He still has a lot of physical and cognitive therapy to go through. He will try to learn how to walk, so that is first," she said.

Indeed, a source close to the ex-NBA star says that he is "far worse off than even what the Kardashians would have you believe," adding, "He can't talk, he can't walk. There is basically no road to recovery because much of the damage his body suffered is irreversible." The source notes that while Khloé is endeavoring to stay positive, "in private, she's beside herself. She's present at almost all of his therapy sessions, but she just sits quietly while nurses try in vain to get him to move his limbs. It's heartbreaking."

Khloé recently said that Lamar's recovery will take "a long, long time" — but an insider says that he will likely never fully regain the ability to move or communicate on his own.

KENDALL STARVED FOR THE RUNWAY

"This is the skinniest Kendall's ever been," claims an insider, who adds that Kendall's rabbit-food diet consists of nuts and berries.

When the *Keeping Up with the Kardashians* cameras are rolling, Kendall Jenner isn't shy about chowing down; on a recent episode, she nonchalantly ate sister Khloé's takeout noodles while an off-camera stylist yelled, "Don't feed the model!" But sources say once the raven-haired beauty found out she'd be walking in the much-hyped Victoria's Secret Fashion Show (which filmed on Nov. 10 and will air on Dec. 8), she basically stopped eating. "She put herself on a strict 400-calorie-a-day diet and was constantly in the gym," says a source. Even while celebrating her 20th birthday at Italian restaurant The Nice Guy in L.A. on Nov. 3, an insider insists, Kendall was "the only one not eating. Her friends and family were all sharing plates, but Kendall kept pushing them away. She wanted her body to look absolutely perfect."

BRAD SAVING FACE?

It's no shock that **Brad Pitt** cleans up well, but an insider says his latest red-carpet look, for the premiere of his film *By the Sea*, was the result of more than just a comb and some concealer: "He'd never had any major work done, but for the release of this movie, he decided to get a little touch-up, including fillers to smooth out his face." Plastic surgeon Dr. Danielle DeLuca-Pytell guesses he's also had Botox and chemical peels, adding, "He looks fantastic!"

SHARON: TAKE MY DAUGHTER, PLEASE!

Professional busybody **Sharon Osbourne** is at it again! Sources say that Sharon is angling to find her formerly engaged daughter, Kelly, a boyfriend — even if it means forging her online profiles. "Kelly will go crazy when she finds out," says a source.

"She doesn't need reminders that she's single, especially from her mother. She used to be able to laugh it off, but it's getting old."

BECKS SPINNING HIS WHEELS

Believe it, bike worshippers: **David Beckham** is so addicted to SoulCycle, he plans to start teaching classes (time and location classified, of course). "Someone suggested it to him, and he leapt at the opportunity," says a source, who adds that David's gotten his wife, **Victoria**, and their two oldest sons, **Brooklyn** and **Romeo**, hooked on the cult workout too. David's made no secret of his devotion, admitting, "Yup, I'm very obsessed" — echoing the feelings of spandex-clad fans hoping for an invite to his class.

"It'll be great publicity for the brand," says a source.

AMY'S DIET DILEMMA

Amy Schumer has endeared herself to millions with her refreshingly self-deprecating shtick about her non-Hollywood body (i.e., "In L.A., my arms register as legs"). But now that the actress and comedian finally has the resources to hire a fitness team and lose weight, she's worried that achieving her dream physique will turn her fans off. "Amy loves being a champion of women and body acceptance," says a source, "but at the same time, she'd love to get into better shape. Now she's torn. She wants everyone to like her, so she feels like she might have to trade a six-pack for her career."

Amy's known for quips about her body, like "I have what I now call an 'at-risk chin.'"

COUPLES NEWS

Reese looked glum leaving a celebratory dinner with Jim and her mother Betty at The Polo Bar on Nov. 8.

A source claims Reese and Jim, who wed in 2011, have been going through a “rocky spell.”

Reese & Jim

PUT ON A BRAVE FACE

When Reese Witherspoon and her husband, **Jim Toth**, left The Polo Bar in New York City on Nov. 8, neither seemed to be in a good mood, despite their reason for visiting the Big Apple: Reese accepting the Hollywood Hero award at *Glamour*’s Women of the Year banquet. Indeed, through a spate of recent public outings, including the American Cinematheque Awards in L.A. on Oct. 30 (where Reese was

also honored) and a LACMA gala on Nov. 7 (which she called a “date night” with a cute snap on Instagram), rumors of marital troubles have dogged the couple, and a source says they’ve “kicked off a media blitz to put up a united front.”

“There’s tension between them,” the source continues. “But they do care about each other. A few weeks ago, they decided to try harder.”

The main reason for their rocky road of late: work. Reese, 39, is

juggling acting, her production company, a burgeoning product line and being a mom. Meanwhile Jim, 45, a bigwig at CAA, has been “working long hours and skipping family time,” the insider says. “Reese wants him to do a better job of balancing things.”

So, after recently canceling a romantic vacation, the troubled pair vowed to make time for more date nights — stat. “They know marriage isn’t easy,” the source says. “But it shouldn’t be this hard either.”

Gwen to Gavin: **TAKE THE KIDS!**

In a recent interview, **Gwen Stefani** suggested that **Gavin Rossdale**'s touring was one reason behind their August divorce. But now it's Gwen's turn to fly the coop. While Gavin, 50, takes care of their children, the "Used to Love You" singer, 46, has been partying with her new beau, **Blake Shelton**, 39. A source says that **Kingston**, 9, **Zuma**, 7, and **Apollo**, 1, "need stability and comfort more than ever, but Gwen would rather spend her time with Blake. It's like she's forgotten she has real responsibilities as a mom."

Gavin took the kids for ice cream on Nov. 4, while Gwen was in Nashville with Blake for the CMAs.

Mariah **MOVES IN WITH JAMES**

Is **Mariah Carey** looking for more space to store her overflowing shoe collection? After just five months of dating, a smitten Mimi, 45, has reportedly packed up and moved into boyfriend **James Packer**'s Beverly Hills mansion — and is even planning to redecorate. "He's told her she can do what she wants to the place, so she'll style it to match her taste," a source says. The singer's friends aren't sure why she and James, 48, rushed to take the next step, especially since she was already been renting a place nearby. "James might want to brace himself," the insider says. "Dating Mariah and living with her are two different things."

Business mogul **James** splits time between the U.S. and his native Australia.

Selena's **NEW GUY**

Although her ex **Justin Bieber** is still publicly pining for her, **Selena Gomez** is moving on with her life — and with a new beau: **Samuel Krost**. Sam, a recent NYU graduate, is a friend of **Gigi Hadid**, who introduced him to the singer because "she felt Sam's 'go with the flow' attitude would mesh well with Selena's adventurous side," a source says. The pair was spotted having dinner on Nov. 9 at Cipriani in New York City, where an onlooker said they "couldn't keep their hands off each other," and watched their pal walk in the Victoria's Secret fashion show the next night. Despite their PDA, the insider adds that Selena, 23, wants to keep this relationship out of the spotlight (unlike her on-off romance with the Biebs). She appreciates that the budding sales and marketing exec is "pursuing his career rather than fame." Sounds like Gigi deserves a big thank-you!

THERE ARE NO SECRETS BETWEEN THEM. THEY KNOW EACH OTHER SO WELL, AND THEY HAVE THIS UNBREAKABLE BOND" —A SOURCE

In *The Hunger Games*, they're friends who developed feelings for each other. In real life, same!

JEN & LIAM It's On!

AFTER YEARS OF FLIRTY FRIENDSHIP, **JENNIFER LAWRENCE AND LIAM HEMSWORTH** ARE FINALLY LETTING THEIR TRUE FEELINGS SHOW

Onscreen, **Jennifer Lawrence** and **Liam Hemsworth** have undeniable chemistry: They've spent four films — the entirety of the blockbuster *Hunger Games* franchise — convincingly portraying longtime friends who are struggling to deal with their confusing, newfound romantic urges (while simultaneously waging war, of course, on their fictional country's bloodthirsty totalitarian dictator). And behind the scenes, a source says, life is imitating art. Jennifer might be one of the world's most successful actresses, but she's apparently terrible at hiding her crush

on Liam, and vice versa. "Anyone who's spent virtually any time around them can see that they have real feelings for each other," the source reports. "The chemistry you see in their movies is real, and now they can finally act on it."

IN LOVE, AT LONG LAST

For some time, it seems, the main thing that's been holding them back is their working relationship; with so much at stake, a source says, "they didn't want to complicate the situation." But now that the last chapter in the story, *The Hunger Games: Mockingjay — Part 2*, is appearing in theaters, the two 25-year-old stars are finally free to become more than mere colleagues. "There's nothing stopping them anymore," the source says. "They're crazy about each other and excited about what's quickly become a very happy, fun, relaxed relationship."

They first got together a couple of months ago, the source says, shortly after Jennifer gave an interview to *Vogue* in which she lamented, "No one ever asks me out. I am lonely every Saturday night. Guys are so

With three Academy Award nominations, two megamillion-dollar film franchises and, yes, one nude photo scandal, Jen has achieved a level of success and fame unrivaled by virtually anyone in Hollywood.

Now she's begun capitalizing on that fact. After a 2014 movie studio email hack revealed that she was paid less for 2013's *American Hustle* than her male costars (despite being the bigger box-office draw), she decided to speak out about the systemic inequalities that led to that situation, writing in a recent

article, "I failed as a negotiator because I gave up early... I didn't want to seem difficult."

It's a mistake she clearly wasn't going to make again:

She insisted on \$20 million for

Passengers, the first new movie she agreed to make for the studio posthack, and as a result was recently named the highest-paid

actress in the world by *Forbes*, which reported she made a cool \$52 million in the past 12 months. She's also begun working on her own material, writing a movie with similarly high-powered new BFF **Amy Schumer** (right).

Jen's getting Oscar buzz (again) for the upcoming *Joy*.

GOLDEN GIRLS

They've only been pals for a few months, but Amy and Jen have a lot in common, including fame, a sense of humor and the world on a string!

IT'S ALL ABOUT TIMING

First he was single, then she was, and then he was again...

These on-and-off exes are the reason it took Jen and Liam so long to get together!

NICHOLAS HOULT

Jen started dating her *X-Men* costar in 2011, around the time she met Liam. They broke up two years later, then got back together, then split again.

CHRIS MARTIN

Her nearly yearlong romance with the Coldplay singer was similarly on-and-off. They got together in 2014 and broke up for good earlier this year.

MILEY CYRUS

Liam and Miley began dating in early 2010, then called it quits twice before getting engaged in 2012. They split for good in 2013.

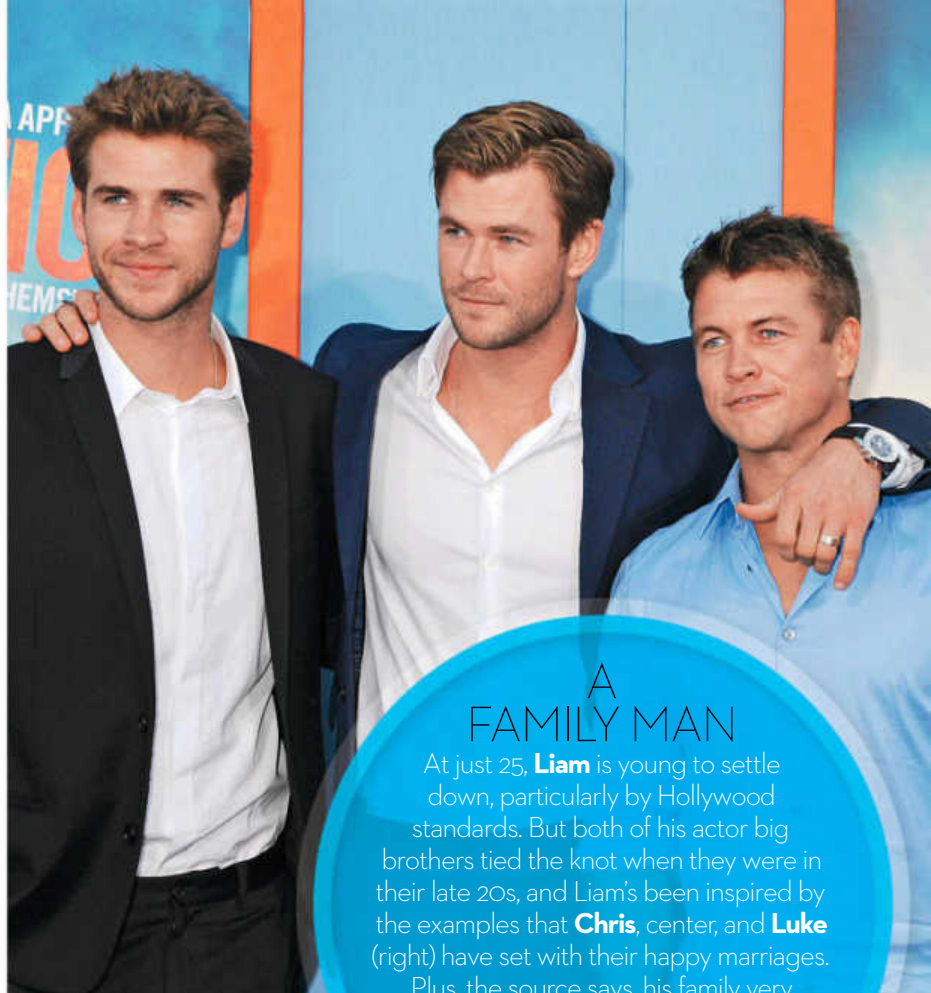

mean to me. I know where it's coming from, I know they're trying to establish dominance, but it hurts my feelings. I'm just a girl who wants you to be nice to me. I feel like I need to meet a guy... who's been living in Baghdad for five years and has no idea who I am."

HIDING IN PLAIN SIGHT

Happily, Jennifer soon realized that the solution to her romantic quandary was much, much closer. Liam knows who she is, of course, but he met her before she became world-famous; he knows the real Jen, and, almost as helpful, he knows something about what it's like to be famous as well. Once Jen realized her feelings for him, the source says, she was struck by their intensity and confessed to a friend that she'd realized she'd "always loved him."

But they haven't yet gone public with their romance, in part because they've enjoyed keeping it to themselves. And their globe-spanning *Mockingjay* press tour has provided the perfect cover story; even a Nov. 2 dinner date at a restaurant in Berlin, to which Jen wore a skintight black minidress and matching thigh-high boots, didn't set any tongues wagging. (Except, perhaps, Liam's. A witness reports that Jen's supersexy look nearly "caused his eyes to pop out of his head. He told her she looked incredible.")

Indeed, Jennifer has looked consistently fantastic throughout the entire tour, showing up at premiere after premiere in a series of sexy, low-cut dresses. "She's not dressing just for the cameras," a source explains. "She's dressing for Liam. Her hemlines are rising,

A FAMILY MAN

At just 25, **Liam** is young to settle down, particularly by Hollywood standards. But both of his actor big brothers tied the knot when they were in their late 20s, and Liam's been inspired by the examples that **Chris**, center, and **Luke** (right) have set with their happy marriages. Plus, the source says, his family very much approves of his new lady friend: "Jennifer is the sort of girl they've always imagined Liam settling down with."

her necklines are plunging and he's definitely noticed."

Apparently it's all a bit of a game for the playful pair, who've long shared the most intimate details of their lives, and have never been shy about praising each other. "Liam is the most wonderful, lovable, family-oriented, sweet, hilarious guy," she said in 2014. "I guess the biggest surprise is that I would never expect a man this good-looking to be my best friend. I never knew that could happen." Having him as her *boyfriend* is, it seems, a slightly more natural fit. "Everything's just fallen into place for them," the source says.

LOOKING FORWARD

Given that, as the source says, "they adore each other," what's next for Jen and Liam? The source says that they seem to have nothing but clear skies ahead. "They don't bring drama, either of them, and that's why this romance will work." And

it could be very serious, very soon. As Jen told *Vogue*, "I can't wait to be married. I feel like if I find that one person who I want to spend the rest of my life with, who I want to be the father of my children, I would absolutely not mess it up."

The source reports that Jen's already spent nights at Liam's house, and he's even met her parents, who "think he's great" and are "thrilled" that they're together. The source adds that the two superbusy stars will do whatever it takes to stay that way: "Liam has a bit of downtime, so he says he's just going to go with Jen wherever her work takes her. They're moving into a new phase of their lives and really looking forward to seeing what the future holds."

Liam began hooking up with his *Independence Day 2* costar in June, but it didn't last long... Perhaps because Jen finally made a move?

BLAKE'S BOD IS BACK!

LESS THAN A YEAR AFTER GIVING BIRTH TO DAUGHTER JAMES, **BLAKE LIVELY** IS IN AMAZING SHAPE – HERE'S HOW SHE DID IT

Just call her the Wonder Down Under. **Blake Lively**, 28, rocked a teeny bikini in early November as she filmed the shark thriller *The Shallows* in Australia – and it's safe to say she's never looked better. The 5'10" stunner is genetically blessed, for sure, but she's also done the work the old-fashioned way. She shifted from what she called "small, gentle workouts" following the December birth of **James**, her daughter with **Ryan Reynolds**, to a two-month, six-days-a-week fitness program with trainer **Don Saladino**. His "very doable" one-hour sessions had Blake, a self-professed gym hater, mixing up weightlifting, cardio, swimming laps and some serious ab work to stay motivated.

DECEMBER 2014

"She can now do 300 crunches and not break a sweat," says a source. "Blake knew she wouldn't be able to hide flaws in this new role." Adds celebrity weight-loss expert **Alicia Hunter**, who estimates Blake gained a healthy 24 to 27 pounds while pregnant, "She managed to maintain a trim dancer's physique with her workouts; she didn't bulk up."

Credit also goes to four small, mostly gluten-free meals – full of protein, vegetables and "slow-burning carbs," like sweet potatoes and white rice, her trainer has explained – a day. "The way we did it was the right way," he said. "It wasn't through starving her." Amen to that!

JEN & JUSTIN'S

HONEYMOON HORROR

GONE TOO SOON

Carmel Musgrove's illustrious career was just getting started: After six months as an intern at Silver Pictures, she was plucked by legendary producer Joel Silver to be his assistant. Three years later, she'd already amassed two associate producer credits (*Non-Stop* and *The Gunman*), working with the likes of Sean Penn and Julianne Moore.

It sounds like a Hollywood blockbuster: A-list stars **Jennifer Aniston** and **Justin Theroux**, on a lavish island getaway with a gaggle of wealthy friends — until one of the youngest among them, an ambitious woman at the start of her career, goes missing... and her lifeless body washes ashore.

But sadly, this story is far from fiction. A real-life nightmare has cast a shadow over Jen and Justin's Bora-Bora honeymoon — and, sources say, the start of their long-awaited marriage.

The newlyweds had only the best of intentions when they invited their A-list cohort — including **Jason Bateman**, **Courtney Cox**, **Jimmy Kimmel** and megaproducer **Joel Silver** — to join them in Bora-Bora following their Aug. 5 wedding. After several days of celebration, Jen and Justin flew home while Joel stayed on with his crew, including his wife, daughter and go-getter assistant of three years, 28-year-old Carmel Musgrove.

Tragedy struck on Aug. 20, when

TRAGEDY IN PARADISE

Bora-Bora's Four Seasons resort was the picture of tranquility days before Carmel's tragic death. "Jen is hoping Carmel's friends and family find closure," says a source, "and that her death turns out to be what everyone initially thought: an accident."

Carmel's naked body was found on the beach after a swim. A "devastated" Joel was bereft, mourning the death of his "dear friend... with a very bright future ahead of her."

MORE TO THE STORY

But while police declared the incident an accidental drowning, Carmel's parents suspect foul play; they've hired

renowned forensic pathologist **Michael Baden** (who testified at **O.J. Simpson's** murder trial) to investigate. Suddenly, a seemingly freak occurrence is imbued with much darker implications — a fact that Jen, 46, and Justin, 44, have been unable to escape.

"Jen is overcome with guilt," reports an insider. She's also "very superstitious," according to friends — and kicking off married life with a tragedy has struck her as a "bad omen." Says a source, "She worries it might not bode well for her and Justin's future. She's heartbroken for Carmel's family, of course. On top of that, she now fears this new inquiry could allow details about her wedding, honeymoon and relationship to leak out."

Sources say Jen, who's long prized her privacy, hopes that she and Justin won't end up entangled in a tragedy that already haunts them. "Jen doesn't want to sit by and see her private life picked apart in an investigation," says a source. "But the reality is, there's no erasing the sad facts. Jen waited forever for her fairy-tale wedding, and in the end, it turned into a nightmare."

OK! SPLITS

A source says Nicole and Joel (with Sparrow and Harlow) could end up divvying up a \$225 million fortune.

Nicole Richie always knew that she and Joel Madden, both children of divorce, didn't have the best examples of a happy relationship to draw on. But understanding how tough family life can be, they made a pact, she said in 2014, to "go through this together as a team." Sadly, after five years of marriage and two children — daughter Harlow, 7, and son Sparrow, 6 — it seems their teamwork has broken down.

"Things have been tense between them for a while, but now they can't be in the same room without fighting," says an insider. At the Chicago wedding of rapper HXL T on Oct. 23, "they made a point of smiling and acting normal whenever there was a camera around," says a source. "But otherwise, they avoided each other. It was really sad."

DIFFERENT VALUES

Lifestyle choices and an erosion of trust are what's tearing Joel, 36, and Nicole, 34, apart. He's a rocker and a coach on *The Voice Australia* who likes to party, and she's a fashion entrepreneur and former wild child

who now enjoys growing her own fruits and vegetables. "Nicole has some serious issues with the way Joel lives his life," says the insider. "She's been begging him for years to cut down on the drinking and partying. He gets the most horrific hangovers, which only makes their fights worse. But he can't take her lecturing him — he feels like he's married to his mom!"

Nicole also "strongly suspects that Joel has cheated on her at least once," says a source, "though he flatly denies it." There are reports he's sent texts to his ex-girlfriend Hilary Duff following

her split from **Mike Comrie**, and of flirtatious behavior with several women, including a recent mystery lunch date (see sidebar). After that incident, "Nicole decided to go to Cabo with her girlfriends and let him stew in it," says a source. She also opted not to accompany Joel to the GQ Men of the Year Awards on Nov. 10 in Australia, and "Joel was really hurt that she didn't support him."

The angrier they get, the less they communicate. "Nicole suggested therapy," says a source, "but it didn't help." Now, insiders say, Nicole is seriously considering contacting a divorce attorney. "She doesn't want to give up on Joel," says a source, "but she's lost faith in him." **OK!**

IS JOEL CHEATING?

After he was snapped on this Oct. 14 lunch date with a mystery woman at Sugarfish in Beverly Hills, Joel insisted she was just a friend — but Nicole wasn't buying it. "They got into a nuclear fight about it," says a source. He's also been linked to bisexual singer **Jessie J**, a fellow coach on *The Voice Australia*. "They can't stop flirting," an insider says. GIRL POWER

Carey Mulligan is generating Oscar buzz for her role in the historical drama *Suffragette*, chronicling the early feminist movement's quest for voting rights, but getting the project off the ground was no easy feat. "It took 100 years to get this story on the screen, and no one really wanted to make this film," she told OK! TV at the movie's L.A. premiere on Oct. 20. So it had to be a group of women who pushed it uphill."

Carey had high praise for one of her *Suffragette* costars, joking, "My favorite part of everything is Meryl Streep."

She's also enjoying her role as a single mom on the comedy *Grandfathered* and making new music with **Lil Wayne**, despite splitting from him earlier this year. Christina, 34, talked with **OK!** about her new beginnings.

On your reality show, you're at odds with your manager mother. What happened?
I've learned a lot from her over the years, and my mom still works with me on my branding and acting, but my music is a different situation — I don't want to answer to anybody [on that].

What's your favorite song on your new EP, *4U*?
"Like Me." It's a confident song to a guy, saying, "He'll never find a girl like me."

Christina says she's "taking control" of her music.

I think every girl wants to say that to a guy.

How was it working with Lil Wayne on the EP?

I love that there's no ego involved. He's so cool and laid-back. The song "Do It" is about when we started dating. The video was shot in Miami, and it's sexy.

How did *Grandfathered* come about?

I was going to try out for something else, but the director was like, "I think you're right for *Grandfathered*." She said that the character is a hot mess, and coincidentally I'd rolled out of bed that morning, with yesterday's makeup on... I walked in perfect for the role! **OK!**

— Lindsey DiMattina

With *Grandfathered* star John Stamos, who's "charming and easy to look at," she says, "and great with the kids."

Rihanna is a chart-topper, a heartbreaker and a risk taker — especially when it comes to fashion. And her forays into design have only cemented her status as a style icon. Ben Lewis, chief executive of British retailer River Island, said his company's collaboration with the singer in 2013 (her debut effort in clothing design) "built a reputation for our brand globally." After her first sneaker as creative director at Puma sold out within hours in September, the athletic giant described the response to its release as "unprecedented." I panicked - my hair was falling out!

Like every woman, I want

about six months ago I
noticed my hair starting to fall
out. I would find hairs in the
shower and lots on my brush.
I was very concerned so I went
to my pharmacy to ask for

was a bit skeptical but wanted
to give it a try.

IT WORKED FOR ME

Now I have been using Hair
Volume for 3 months. My
hair has normalized and the

really happy about this and
strongly recommend using

SADIE CALVANO

STAR OF MOM

OK! Q&A

Catch new episodes of *Mom* on Thursdays at 9 PM ET on CBS.

She may have a starring role as **Anna Faris'** teenage daughter on the hit comedy *Mom*, but **Sadie Calvano** has a fallback plan too: The 18-year-old star is enrolled in Los Angeles' Occidental College, saying, "I'm so excited to go to class every week!" Here, the up-and-comer dishes on her show and her famous castmates.

What's in store for Violet this season?

She's engaged to Gregory, a psychology professor 22 years her senior! So that's going over great with her family. She's also trying to repair her relationship with her mom.

What do you like most about playing her?

How real she is. I really love getting to play someone who deals with real life issues — someone who isn't worried about what lip gloss she's going to wear but is dealing with things like education, rebuilding a family, alcoholism — because those stories aren't told enough.

You're surrounded by a cast of powerful women. Have they had any influence on your life?

Anna and **Allison [Janney]** are two of my biggest role models. They really encouraged me to go to college and continue my education. They're the most considerate, funny and amazing women. They're so real and grounded. It's inspiring to get to work with them every day.

WHY EVERYONE IS TALKING ABOUT RIGHT NOW

ACTING SHADY
Mindy once wore the same jumpsuit and hairstyle as the superstar!

With her locks pulled back and a stretchy black tank, Mindy (right) looked identical to Gwen.

After the trendsetting star wore a denim jumpsuit (left), Mindy mimicked the look.

Gwen's Nanny: Style (& Husband!) Stealer

This will definitely blow your mind. **Gwen Stefani** and **Gavin Rossdale** filed for divorce back in August, and now reports claim that he was having an ongoing affair with their former nanny Mindy Mann. Even creepier? Taking a page out of the *Single White Female* script, the caretaker also seems to have had a thing for the *Voice* judge's edgy style, from her platinum tresses to her shoes, routinely donning carbon copies of her ensembles!

Gwen (left) and son Zuma matched from head to toe, as did Mindy and the tot on another day.

Turn your body into a **LEAN, SEXY, FAT-MELTING MACHINE**

1.M.R VORTEX™ Can Make it Happen

Here's how...

I've got a secret. I haven't always looked this way. I was once overweight, exhausted and frustrated with my body. As a mom of three, I couldn't seem to find the energy I needed to make it through the day, much less fight hunger, cravings and the temptation of foods I knew weren't good for me. Most of us have a similar problem. We want to be a slimmer and healthier version of ourselves, but we're too tired to do anything about it.

I have the answer. And it doesn't involve crazy starvation diets, dangerous surgeries or pills with suspicious ingredients. It's safe, easy and flips the switch on your metabolism...turning it into a fat destroying machine!

How's that possible? With **1.M.R VORTEX™**, a unique, fast-acting energy powerhouse that comes in delicious flavors like fruit punch and arctic ice. It's super easy to use! I mix one scoop of it with water in the morning for long-lasting energy; and not only does it help me power through the day, but it also burns fat. In fact, I lost 38 pounds and went from wearing a size 12 to a stunning size 2, thanks to 1.M.R VORTEX™.

The "Body Fat Expelling" Powder

1.M.R VORTEX™ uses one of the industry's biggest weight-loss secrets: **yohimbine**. This powerful ingredient is extracted from the bark of a West African tree and encourages the body to use stored fat as a source of energy. So that stubborn fat you're dying to get rid of? Gone.

Discover endless amounts of energy

Forget those energy drinks! Because in addition to yohimbine, 1.M.R VORTEX™ contains **white leadwort**. Research has found that this amazing herb stimulates your central nervous system (CNS), which may boost energy and focus. It keeps you going all day without that draining "crash" you just can't afford to have in the middle of a hectic day.

Celebrities love 1.M.R VORTEX™

And they're seeing insane results! Athletes, too. 1.M.R VORTEX™ is the perfect energy boosting solution for people who are consistently busy and on-the-go.

Weight-loss programs are a roll of the dice. And when they fail, it's devastating. That's why I've decided to share my "secret" with you. You deserve that sexy, healthy and energized body. 1.M.R VORTEX™ will help you get it no matter how busy you are—TRY IT RIGHT NOW!

The 1.M.R VORTEX™ Advantage:

- Fired up metabolism
- Long-lasting energy
- Focus
- A hot, lean body!

"I wasn't born this way. I don't have the genetics for a perfect body. But every woman has their 'staying slim' secret. 1.M.R VORTEX™ is mine."

-Sarah E.
